

DOCTORS DIFFER

DIVERGENT OPINIONS ON
COOPER'S SUCCESS

Statements by Well Known Medical Men—Some Are Inclined to Give the Young Man Credit, While Others Call Excitement a Fad and Dub it Cooper Mania.

St. Louis, May 30.—The astonishing sale of Cooper's preparations in this city has now reached such immense figures that the medical fraternity at large have become forced into open discussion of the man and his preparations.

The physicians as a whole seem to be divided with regard to the young man's success in St. Louis—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad which cannot last, and which will die out as quickly as it has sprung up.

The opinion of these two factions is very well voiced in the statements made recently by two of a number of physicians who were interviewed on the subject.

Dr. J. E. Carcass, when questioned about the matter, said: "I have not been a believer in proprietary preparations heretofore, nor can I say that I believe in them at present. But I must admit that some of the facts recently brought to my notice concerning this man Cooper have gone far towards removing the prejudice I had formed against him when the unheard of demand for the preparations first sprang up in this city."

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me after taking Cooper's remedies, and have stated positively that he has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate in treatment."

"I am the last man on earth to stand in the way of anything that may prove for the public good simply through professional prejudice and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

Another well known physician who was seen, took the opposite view of the "Cooper mania," as he called it, which now has the city in its grip. He said: "I can only liken the present state of affairs to a certain kind of hallucination. For want of a better name I might call it 'Cooper Mania.' The people of St. Louis seem to be firm in the belief that this man Cooper has health cures up in a bottle."

"Some of them imagine that he has completely cured them of various ailments judging from their statements. It is beyond me to say why the city has gone crazy over the man. It may be safely put down, I think, to one of the passing fads that so often attack the American people."

"Sooner or later the people are bound to regain their senses, and will then realize that a reputable physician is the one to whom their health had best be entrusted."

In the meantime Cooper meets several thousand people daily, and only smiles when statements of the above character are quoted to him. His charitable work still continues to be very extensive.

Guilty of Sawdust Trick.
The Colby, Coryell & Howe company pleaded guilty yesterday in Justice Coburn's court to a charge of running sawdust into Mission creek and were fined \$75. The fine was paid and the parties released. The prosecuting witness was Deputy Game Warden McH. Harbaugh who made the arrest last Saturday at which time the case was continued until the defendants could investigate the charge.—Lewiston Tribune.

NEWS OF MILTON

DECORATION DAY DULY
OBSERVED IN MILTON.

G. A. R. Turned Out—Exercises Held in the Park—Freight Service on Trolley Line Proving a Great Convenience—Cutting Alfalfa Hay About Milton—Strawberry Pickers Are Scarce—Prices Remain High.

Milton, May 31.—The Decoration Day exercises in Milton were very creditable. Comrades and ladies of the G. A. R. were out en masse. At 10:30 yesterday morning a line formed at the opera house and all marched to the cemetery. In the afternoon exercises were held in the park, for which the principal address was delivered by Comrade Baker, of Weston.

The ladies of the Aid society of the M. E. church, who gave a social on the lawn of Mrs. E. W. Phelps Tuesday evening, realized a neat sum from the affair.

The freight service which has been put on between here and Walla Walla is proving a great convenience in many ways. Berries and fruits can be shipped out to Walla Walla over the line at any time during the day, so that they can make connections with Northern Pacific trains. The trolley line proves itself more beneficial every day.

Alfalfa cutting is now going on in different directions from Milton, and the crop is said to be first-class in every respect.

Milton's new city park is being thoroughly enjoyed. Many people gather there daily since warm weather is here. Fishing up the river is also being enjoyed to the full extent.

Some of the growers complain of strawberry pickers being scarce since the hay cutting is on. Berries are still bringing good prices.

My Best Friend.

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equalled it. Fully guaranteed by Tallman & Co., druggists. 50c and \$1.00. Trial bottle free.

Sawdust in the Streams.

Because he is alleged to have dumped sawdust into Rock creek, near North Lapwal, E. Erickson, a prominent sawmill owner, has been arrested by Deputy Game Warden Harbaugh, charged with a direct violation of the state game law. Erickson was taken to Lewiston and arraigned before Justice of the Peace C. P. Coburn.

This is the second offense of this nature which has been discovered by Game Warden Harbaugh. The first offender was located in a Mr. Tweedy the owner of a sawmill on Clear creek, a few miles from Kootenai. The stream is one of the clearest and most cleanly in Idaho and on it the state proposes to erect a fish hatchery. The case, when brought to trial, was lost to the state because of lack of evidence.—Baker City Herald.

A Narrow Escape

G. W. Clord, a merchant of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at Tallman & Co.'s, druggists.

DINING ROOMS FOR EMPLOYEES.

Salem Woolen Mill Provides a Convenience for Its Hands.

The initiative in supplying dining and recreation rooms for employees has been taken by Hon. T. B. Kay in the near rooms he has recently placed at the disposal of his work people at the woolen mills, says the Salem Statesman.

There are 120 hands employed at the mill, of whom thirty-five are women and young girls, and like all other institutions employing many workers, the need of a dining room and place of rest and recreation during the leisure moments has been felt at the mill, where the employees have eaten lunches out of doors when the weather permitted, or in the work rooms when the elements were too boisterous for comfort without.

By the present provision made by Mr. Kay, two dining rooms of commodious proportions have been fitted up with tables, and chairs where the employees may spend their noon hour, in comfortable and home-like quarters, away from the sight and sound of their toil.

The rooms, or rather the cottage

containing the rooms, is ideally arranged, well lighted and ventilated, and with perfect sanitary conditions. One of the dining and rest rooms is set apart for the use of the men employees, while the other is for the exclusive benefit of the women.

Guard Against Forest Fires.

Register of the state land board, M. I. Church, was engaged yesterday on mailing out notices printed upon cloth, warning owners of timber, managers of mills and logging companies, campers, prospectors, hunters and others in regard to precautions against forest fires.

The provisions of the measure passed by the last legislature are given in full so that no one will have occasion to say that they did not understand what was required of them.

Under the new law the notices must be posted in every depot in the state and division superintendent of all railroads are urged to give personal attention to the matter in the various sections of the state. Nearly 800 notices were sent out from the land office to the commissioners of the various counties and railroad superintendents.—Boise Capital-News.

Even if your head feels
As if it was in a vice

It's better to keep your headache than use a dangerous remedy. To cure it with some dangerous powder brings after effects which are far worse. Many headache cures kill the pain by some powerful drug which if used too often finally enslaves and breaks down the system. That's why you should be very careful what you take to cure a headache.

Jellol HEADACHE WAFERS

Are a simple and positive cure for headaches, absolutely harmless, especially suited to women. Guaranteed to be free from Antipyrin, Opium, Morphine or Chloral. If these wafers do not give absolute satisfaction, bring back the empty package and we will return your money. In two size packages, 10c. and 25c.

Dairy and Farms For Sale

Owing to my removal to Portland to reside permanently, I have discontinued the Alfalfarm Dairy business, and have for sale my herd of dairy cows consisting of about fifty grade Jersey and short-horns, and will also sell either or both of my farms, one a quarter section of fine wheat land, one and a half miles South of Athena, in Umatilla County, and the other, over nine hundred acres of grain, alfalfa and grazing land, on the Walla Walla branch of the O. R. & N. Ry., six miles Northeast of Pendleton, with the equipment of the latter. For particulars address me at 400 Chamber of Commerce, Portland, Oregon.

T. G. HAILEY
